10. Comments:			
The audit was conducted using weekly payroll records, remittance reports, 941's, UC101's, W-2's and W-3. After letting all Sheet Metal#18 members go the 2nd week of December-2023, the company had one contracted job they needed to finish. The company used 2 non Sheet Metal#18 employees to work on the job, so I'm billing for there hours on this audit. The company has no other jobs and no other employees on payroll. The company is unsure whether the company will remain in business or close it's doors at this time.
